BIKE SALE REPORT INSIGHTS

. Total profit by year

The total profit of the store has been consistently improving since the opening in 2014 with the best year performance been 2017 with \$93.44k profit.

. Total revenue by category

The category that performed best is the technology category grossing \$835.91k over a period of 4years.

. Total revenue by region

The region with the highest grossing revenue is the west, while the south region has only managed to surpass 50% of the west. Hence a new campaign and advertisement should be targeted towards that region.
